

Update to Southwest Dance Party Event!

We are regretfully informing you that
there will be NO future
Southwest Dance Party events in Las Vegas!

Due to the economic status in the country,
attendees health issues, unforeseen mandates and restrictions,
the increased financial burden on the people
wanting to attend has brought us to the decision that the
success of the event is in serious question.

Nobody is more saddened than us in having to make this
decision as we didn't want it to end this way either.
We want to thank you all so very much for all the great memories
we've shared with you through the many years of this event.
We truly treasure all the wonderful friendships we've made.
We hope to see you somewhere down the dancing path.
